04/02/1991 IMPORTANT BUILDINGS AND OBJECTS : Clause 6bis.

(1) Definitions

For the purposes of this Appendix the following definitions shall apply:

"front space" means that space between the external front wall of an important building (together with a straight line drawn extending such front wall to the boundaries of the site) and the front boundary of the site.

"side space" means that space between the external side wall of an important building (together with a straight line drawn extending such side wall to the boundaries of the site) and the side boundary of the site.

"rear space" means that space between the external rear wall of an important building (together with a straight line drawn extending such rear wall to the boundaries of the site) and the rear boundary of the site.

(2) The items of importance of an important building or object shall be as described in respect of each building or object listed in this appendix.
