

## **Review of the North, South, Inner West and Outer West Planning Schemes within eThekweni Municipality**

The Development Planning Department has embarked on a process to review its Planning Schemes on an annual basis. The review is based on the need to remain proactive in order to facilitate development and growing the City; while at the same time giving full effect to the City's Vision of creating a Liveable City. The Scheme Review is NOT a statutory requirement.

In 2012 the Council supported the updating, approval, consolidation and replacement of 29 Planning Schemes into four (4) viz. North, South, Inner West and Outer West Consolidated Schemes. This was the first time that such work was done in the City. Those Schemes now need to be reviewed and performance tested. The Scheme Document in all four Regions has undergone changes. The changes are documented and will be available in each Regional Office. No changes have been made to the maps as these are updated on an on-going basis.

The public is encouraged to engage with the document and comment on it in writing. The comment period is open for a period of a maximum of 30 days – starting 22 August 2014 and will close at midnight 6 October 2014. All comments must be lodged in writing. The following is a schedule of contact numbers and details of officials who will respond to enquiries. All comments must be filed in writing as stated above.
