

### Informal trading and retail markets bylaws public consultation meetings

The eThekweni Municipality is currently reviewing its by-laws through the Rationalisation of By-laws Project. The Informal Trading and Retail Markets by-laws have been drafted. The two by-laws will be passed into the new law once the informal traders and other relevant stakeholders have been given an opportunity to make comments. Therefore the informal traders are invited to attend these consultations in order to discuss the proposed by-laws. The details of the consultations are tabulated on the table below.
