Purpose
The purpose of this Request for Quotation (RFQ) is to outline the scope of work for an independent service provider to install an Agricultural Tunnel at Erf 3656/107 Chatsworth

Scope of Work
The Scope of Works in terms of this RFQ is broken down into the following activities.

Activity 1- Preparation of the Site
The service provider will be required to prepare the site for the tunnel. This will require a certain amount of earthworks. A drawing with some indicative levels will be provided but much of the earthworks will be completed on site by an experienced operator.

Activity 2: Erect the Agricultural Tunnel
The service provider will be required to erect the agricultural tunnel on the desired location as per specification in Annexure A. No deviations from this specification will be allowed unless by prior written permission from the project manager.

Activity 3: Concrete Slabs
The service provider will be required to pour concrete slab inside the tunnel.

Activity 4: Fencing
The service provider will be required to supply and erect a diamond mesh fence along the existing pathway.

Time Frames
The service provider will be required to start contract within 2 weeks of award and will be required to have completed the tender within 4 weeks of award.

Specifications

Tunnel Framework
The tunnel shall comprise of tunnel bays. The total length of the tunnel is 9m as per specification in Annexure A.

Tunnel Covering
An agricultural tunnel covered with 200µm clear agricultural tunnel plastic and then covered with 40% white shade cloth.

Earthworks
The service provider will provide the necessary earthwork equipment to level and platform the site. The service provider will import sufficient g7 material and compact it to 95% MOD AASHTO to a minimum thickness of 150mm. for the concrete platform. The concrete will then be cast on top of the compacted surface.

Below the tunnel location, grow bed platforms will be cut and shaped by the service provider. These platforms will span the width of the site and are 4 m wide. The max side slope is 1:2 for cut and fill. The platforms are to be as close to the previous uphill platform but not exceed either the max allowable cut or fill slopes. No compaction or additional material is required.
**Concrete Slab**
The service provider will be required to pour concrete 25MPA slab inside the tunnel (9m x 8m). The slab needs to have a wood floated smooth surface be 100mm thick with Ref 395 reinforcing weld mesh. The dimensions of the slab are 8m X 9m and are to fit the tunnel dimensions.

**Diamond Mesh Fence**
The service provider is to supply and erect:

a) a plastic coated diamond mesh fence with a minimum height of 1,5 m. Its s shall be erected along the pedestrian path.

b) Metal or wooden standards at 20 m centres.

c) Wooden or metal posts at 3 m centres.

d) A minimum of 3 plain wire strands shall be tensioned horizontally, the lowest strand being at a height of 500 mm above average ground level and the highest being at 1.2 m.

e) the plastic coated diamond mesh type fencing, of 1.5 m in height, shall be secured to the wire strands and posts.

**Bill of Quantities**
A Bill of quantities has been supplied in Annexure B.

**Tender Adjudication**
This contract will be adjudicated in terms of the eThekwini Municipality Supply Chain Management rules and policies and will follow the 80:20 rule. The procurement will be done in terms of the Section 18 of approved Supply Chain Management Policy, “Procedures for procuring goods or services through written or verbal quotations and formal written price quotations” (i.e. formal written price quotations for procurements of a transaction value overR30 000 up to R200 000 (VAT included)).

The adjudication of this Request for Quotations will be in terms of a two stage tender process. Stage 1 will be based on functionality and stage 2 on price and preferential procurement. Companies or individuals that obtain above 70 points in the functionality stage will then be eligible for the price and preferential procurement evaluation stage.

**Stage 1: Functionality**

1. A response to the brief including a nuanced understanding of the complexities and challenges of installing an agricultural tunnel.

2. Team member’s Expertise in agricultural tunnel construction.

---

3. Team member’s Expertise general earthworks

4. Team member’s Experience – general contracting and concrete work

V.A.T. REG.NO: ________________________________________________________________

DATE: _______________________________________________________________________

TELEPHONE NO. : ___________________________________________________________________
Submissions
All interested service providers should be registered on the municipal supplier database and will be required to submit a proposal with the following documentation:

1. Gantt chart indicating how the project will be completed on time.
2. A list of previous experience
3. A list of projects that demonstrate the expected expertise. (photo’s included)

The proposal must be accompanied by the following supporting documents:

1. The location of the submitting entities offices,
2. Scanned Copy of Valid Tax clearance certificate,
3. Annexure: Supporting Documents (MBD 9 Forms):
   a. Original Declaration of Interest
   b. Original Declaration of Municipal Fees
   c. Original Certificate of Independent Bid Determination
   d. Certified copy of BBBEE certification

THE CLOSING DATE FOR SUBMISSIONS OF QUOTATIONS IS 11H00 ON THE 21st May 2014.

Each service provider must submit a quotation clearly marked “Installation of Agricultural Tunnel”.

Quotations/proposals need to be submitted to the tender box:

QUOTATIONS ARE TO BE DEPOSITED IN THE TENDER BOX LOCATED IN THE RECEPTION AREA, CORPORATE PROCUREMENT (MATERIALS MANAGEMENT) ARCHIE GUMEDE PLACE (FORMERLY OLD FORT PLACE) ON 21st May BEFORE 11H00.

The eThekwini Municipality does not bind itself to accept the lowest or any quotation, and reserves the right to accept a portion of any quotation, unless the supplier expressly stipulates otherwise in their quotation. The eThekwini Energy Office does not undertake to consider quotations received after the due date and time unless clear evidence of dispatch is available.

This request for quotations is subject to any changes which may stem from a negotiation of the final terms with the service provider, as well as any additional budget which may be allocated to the project.
Payment arrangements will be negotiated on the basis of the completion of project milestones and will be outlined in the letter of appointment. Final payment will be paid on full completion of the project and the receipt of the final set of deliverables.

Annexure: Supporting Documents

A. DECLARATION OF INTEREST

1. No bid will be accepted from persons in the service of the state.²

2. Any person, having a kinship with persons in the service of the state, including a blood relationship, may make an offer or offers in terms of this invitation to bid. In view of possible allegations of favouritism, should the resulting bid, or part thereof, be awarded to persons connected with or related to persons in service of the state, it is required that the bidder or their authorised representative declare their position in relation to the evaluating/adjudicating authority.

3. In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.

3.1. Full Name of bidder or his or her representative: ....................................................

3.2. Identity Number: ........................................................................................................

3.3. Position occupied in the Company (director, trustee, shareholder): .........................

3.4. Company Registration Number: ................................................................................

3.5. Tax Reference Number: ..............................................................................................

3.6. VAT Registration Number: ........................................................................................

3.7. The names of all directors / trustees / shareholders members, their individual identity numbers and

---

²MSCM Regulations: “in the service of the state” means to be –
(a) a member of –
   (i) any municipal council;
   (ii) any provincial legislature; or
   (iii) the national Assembly or the national Council of provinces;

(b) a member of the board of directors of any municipal entity;

(c) an official of any municipality or municipal entity;

(d) an employee of any national or provincial department, national or provincial public entity or constitutional institution within the meaning of the Public Finance Management Act, 1999 (Act No.1 of 1999);

(e) a member of the accounting authority of any national or provincial public entity; or

(f) an employee of Parliament or a provincial legislature.

³Shareholder” means a person who owns shares in the company and is actively involved in the management of the company or business and exercises control over the company.
state employee numbers must be indicated in paragraph 4 below.

3.8. Are you presently in the service of the state?  

YES / NO

If yes, furnish particulars.

3.9. Have you been in the service of the state for the past twelve months?  

YES / NO

If yes, furnish particulars.

3.10. Do you have any relationship (family, friend, other) with persons in the service of the state and who may be involved with the evaluation and or adjudication of this bid?  

YES / NO

If yes, furnish particulars.

3.11. Are you, aware of any relationship (family, friend, other) between any other bidder and any persons in the service of the state who may be involved with the evaluation and or adjudication of this bid?  

YES / NO

If yes, furnish particulars.

3.12. Are any of the company’s directors, trustees, managers, principle shareholders or stakeholders in service of the state?  

YES / NO

If yes, furnish particulars.

3.13. Is any spouse, child or parent of the company’s directors, trustees, managers, principle shareholders or stakeholders in service of the state?  

YES / NO

If yes, furnish particulars.
3.14.  Do you or any of the directors, trustees, managers, principle shareholders, or stakeholders of this company have any interest in any other related companies or business whether or not they are bidding for this contract? **YES / NO**

3.14.1 If yes, furnish particulars:

C. CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.

3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
   a. take all reasonable steps to prevent such abuse;
   b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
   c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.
² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
MBD 9 CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

__________________________________________________________

(Bid Number and Description)

in response to the invitation for the bid made by:

__________________________________________________________

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf

of: _________________________________________________________ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;

2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;

3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;

4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;

6. For the purposes of this Certificate and the accompanying bid, I understand that the word “competitor” shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

   a) has been requested to submit a bid in response to this bid invitation;
   b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
   c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:

   a) prices;
   b) geographical area where product or service will be rendered (market allocation)
   c) methods, factors or formulas used to calculate prices;
   d) the intention or decision to submit or not to submit, a bid;
   e) the submission of a bid which does not meet the specifications and conditions of the bid; Or
   f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998, and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

..............................................  ..............................................
Signature                                      Date

..............................................  ..............................................
Position Name of Bidder                      Date

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.
Annexure A

TUNNEL SIZE

The tunnel can be any length from 6m to 36m in divisions of 3m

ARCHES

The arches are bent into a specific shape which is a basic 3 centred arch, as per eThekwini Municipality requirement and as per sample. The arch cannot be a true radius. The span of each arch is 4m and the axis is 6m.

SPINE

The spine is 42 x 2mm galvanised tube. Joiners are fabricated black and then hot dipped galvanised.

BUTTERFLY BRACKETS

Butterfly brackets are fabricated black and hot dipped galvanised afterwards. They receive the Arches and spine every 3m and the angle is 160° degrees.

SIDE RAILS

The side rails are 32 x 2mm galvanised tube. There are a total of 2 down each side of the tunnel. One is at ground level to clip the plastic in place. The other is at 2.2m above ground to lock all the Arches in place. Side rails are clamped on using 32 48mm hot dipped galvanised double clamp plates with 4 M8 X 30mm galvanised bolts.

CROSS MEMBER /BRACING

All Cross members are 32 x 2mm galvanised tube. All are clamped into place with galvanised loop clamps.

STUB FEET

Stub feet are fabricated black and hot dipped galvanised. They are 600mm long, made from 48 x 3mm tube with a 42 x 2mm stub extending out of the top for 200mm.

CONCRETE FOOTING

Each stub foot is to cast in situ in 25MPA concrete. The size of the footing shall be 600 x 600 x 600 mm.

STRAINING WIRES

There are 20 x 1.2mm HT wires strained, with Donaldson strainers, down the length of the tunnel to support the plastic.

DOORS
There is a 2m x 2.5m sliding door at each end of the tunnel. The door slides on galvanised one piece sliding door rail and wheels. At the lower open position the door slides between a set of nylon rollers and when closed the door locates into a bracket to brace the door in the wind. A locking plate is clamped to the door.

**CLADDING**

A minimum of 200 micron drip lock Agric plastic with a layer of 30% white shade cloth to protect from hail sun wind and vandalism.
