

CSA2504A NSM Parkhome & Refrigerated Container

Address : 151 KE MASINGA ROAD , Durban, 4001
 Ward: 26
 Client: eThekweni, Libraries & Museums
 Contract Period: May 2016 – Sep 2016
 Contract Value: R 2.7 million

The Natural Science Museum requires additional space in which to deal with specimen and fossil preparation, and a refrigerated facility in which to store animal and bird samples.

The scope of the work under this contract comprises:

- Supply and installation of a suitably equipped parkhome for specimen and fossil preparation
- Supply and installation of a refrigerated container for specimen storage
- Supply and installation of a new standby generator which will cope with additional load , and which will replace the existing one, which has reached the end of its useful life
- New shade structure over refrigerated container and generator
- Siteworks including paving, and plumbing and electrical connections.
